## Advice to Mothers

Have you had baby's photograph  
taken?  
It is an art to take baby's photo-  
graph as it should be taken. To catch  
the rosy little smile, his pretty little  
dimple. Such photographs become pre-  
cious reminders of baby's days in  
years to come. We have had years of  
experience in photographing children.  
They always look their best when we  
take them. No troublesome posing.  
Snap them in a triff.
